The market expects another Fed rate hike in July

Global market players shifted their bond portfolios from developed markets to emerging markets following the release of the US labor market data for May, which indicated a hawkish pause in June and a rate hike in July (see Global Economic News). This is reflected in the decline in the S&P index for developed markets' bonds of -0.3% and the +0.4% increase in the EMBI index last Friday (6/2). Meanwhile, the UST and 10-year BUND yields rose by 9 and 6 bps to 3.69% and 2.31%, respectively. Domestic investors' optimism about Indonesia's economic prospects remains solid, as indicated by the increase in the yield spread between 10- vs 2-year INDOGB to 72 bps last Wednesday (5/31) from 61 bps last Tuesday (5/30). We predict the 10-year INDOGB yield to consolidate within the range of 6.3-6.4%, and rupiah to move up to IDR 14,850-14,950 per USD.

Fixed Income News: WSBP proposes a private placement to convert its debt into shares. PT Waskita Beton Precast (WSBP) will conduct its private placement at the general meeting of shareholders on June 9, 2023. The company will convert IDR 1.7tn worth of debt to 34.14 billion shares. In addition, WSBP will also convert its debt into Mandatory Convertible Bonds with a total value of IDR 1.85tn. (*Emitennews*)

Global Economic News: US unemployment rate rose to 3.7% yoy in May (Apr: 3.4% yoy; Cons May: 3.5% yoy). Meanwhile, the workforce participation rate stayed at 62.6% yoy, indicating that the demand in the US labor market began to weaken in May while supply remained stable. However, the non-farm payroll data compiled based on a survey of employers indicated the expansion of the US labor market, reflected in an increase to 339,000 (Apr: 294,000; Cons May: 180,000). As a result, market expectations on Fed rate shifted to a pause (77%). The market continues to project a terminal rate hike of 25 bps to 5.5% in July. (*Investing*)

Domestic Economic News: BI is optimistic that inflation will return to BI's target range of 3 ± 1% in 3Q23. Governor of Bank Indonesia Perry Warjiyo predicts thr momentum will occur in August. If that happens, BI's interest rate cut is likely to start in September. (*Kontan*)

Recommendation: FR0098, FR0050, FR0079, FR0081, FR0040, FR0084, FR0086, PBS017.
