SWOT Analysis of the Results (In-line)

Strength

Positive NIM growth from 3.9% in 6M24 to 4.1% in 7M24, supported by higher loan yield of 9.3%; robust 7M24 loan growth of 11.1% with relatively low CoC of 0.7%

Opportunity

BBNI plans to disburse more loans to commercial and SME segments; as those segments offer higher yields, the strategy could help offset NIM pressure and allow for continued outperformance

Weakness

7M24 LDR of 97.4%, up from 94.0% in 6M24; 9.4% MoM increase in operating expenses led to higher CIR of 45.5% (+20bps MoM)

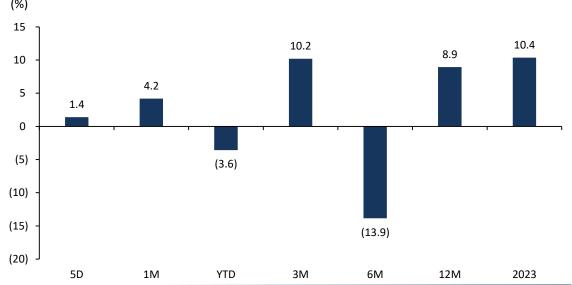

Threat

BBNI's NPL (2.0% in 2Q24) could rise if the bank disburses SME loans without prudent risk management
