Macro Update:

Bank Indonesia is anticipated to implement two interest rate cuts in Q4, influenced by a strengthening rupiah and subdued inflation, though our conservative no-cut view persists due to the rupiah's fragility. Finance Minister Sri Mulyani forecasts Q3 growth at 5.06%, but limited growth sources may lower actual performance to 4.92%. The state budget shows a deficit of Rp 153.7 trillion, while government investments in Nusantara reach Rp 18.9 trillion. Customs revenues are up 6.8%, and regulations for fair tax practices are in preparation. Import and manufacturing figures decline, prompting calls for public dialogue on food regulations amidst a leadership dispute in Kadin. Notably, the government defends coal power expansion and plans for a national emergency number, while concerns over cybersecurity and investor legal uncertainties persist. In the digital economy, a new national data center is under construction, and the renewable energy sector aims for growth amidst rising energy demands.

Renewable: ELSA-PGEO Collaboration

PT Elnusa Tbk (ELSA) and PT Pertamina Geothermal Energy Tbk (PGEO) collaborates to support geothermal energy development in Indonesia, with the aim of bolstering energy security and achieving net zero emissions by 2060. The collaboration, which began in 2021, includes a joint development agreement for heat exchanger manufacturing and technology licensing for real-time geothermal well monitoring. Both companies emphasize the importance of innovation and strategic partnerships to maximize Indonesia's geothermal potential. The collaboration is expected to accelerate the progress of renewable energy and create new opportunities in the sector. **(IDX Channel)**

Property: VAT on IPL of Apartments and Flats

The government plans to impose 11% VAT on Environmental Management Fees (IPL) of apartments and flats. The Directorate General of Taxes at the Ministry of Finance has started to socialize the plan. **(Kontan)**

NSSS: Kurniadi Patriawan Increases His Stake in NSSS

After the purchase, Kurniadi Patriawan's stake in NSSS increased to 13.09 million shares, equivalent to 0.055%. **(Emiten News)**

CNTX: Plans to Go Private

Following its lackluster financial performance, CNTX plans to go private (to note, the company has not distributed dividends since 2005). Penfabric Sdn. Berhad, the company's controlling shareholder, will conduct tender offer to purchase public shares at IDR 400 per share, much higher than the share's average price. The company will seek approval from its shareholders in its EGMS on 25 September 2024. **(Emiten News)**
